FLAMES SWEEP OVER CITY OF KNOXVILLE

For Third Time Fire Visits Business Section.

LOSS IS ESTIMATED AT $300,000

Although the Entire Fire Department Was on the Scene, They Had Not Checked the Blaze at 1:30 O'Clock Saturday Morning.

Knoxville, May 7.—Another disastrous fire, entailing a loss estimated at about $300,000, occurred in the wholesale section of Gay street early Saturday morning. The candy factory and wholesale confection establishment of the Littlefield & Steere company was completely destroyed, causing a loss of about $15,000 on the building and about $75,000 on its contents.

The two upper floors of the McMillan, Hazen & Co., wholesale shoes, was totally gutted, and the three floors and contents were damaged by water; loss on building and contents about $175,000.

The Hambright Skirt and Pants factory adjoining the shoe house, was damaged by smoke and water to the extent of about $30,000.

The fire originated in the basement of the candy factory, and that building was quickly consumed. The five-story Commerce building, in which the three establishments were located, is one of the largest and most modern structures in the business section.

HALF OF TRAIN RAN OVER CHILD

But the Little One Miraculously Escaped Death.

Greenville, S. C., May 7.—The escape of the 2-year-old child of D. B. Nelson, living near Fountain Inn, 20 miles from Greenville, on the Charleston and Western Carolina road, from a horrible death, was miraculous.

The engineer did not see the small form on the track until it was too late to stop his train. The pilot struck the child and knocked it down between the crossties and the engine, tender and half the train passed over the body before being stopped.

The child was taken from under the train and was unconscious but slightly bruised, and it soon recovered consciousness. The engine was detached from the train and the child was placed on it and hurried back to Fountain Inn for medical attention. Physicians found that the injuries sustained were not serious.

Four Men Fatally Shot.

Birmingham, Ala., May 7.—As the result of a general shooting affair shortly before 7 o'clock Friday night in the Peerless saloon, Thomas G. Hewlett is dead, John T. Shugart is expected to die any moment, Frank Lee is short through the knuckle and Leonard Potts is shot through the ankle. The fatal shooting was done by Harry Haynes, who claims that Hewlett first opened fire on him, and that Shugart immediately took up Hewlett's fight and that he had to shoot them both. The other two men were bystanders.

Pardon To Be Asked For.

Spartanburg, S. C., May 7.—A petition is being circulated asking that Jesse Bush, who shot and killed Jas. Israel, be pardoned. The petition will be presented to the board of pardons at its next meeting. The paper is being generally signed. Bush killed the man who it was said was the father of a child born to his 14-year old daughter, and for which crime he was tried and given a sentence of two years in the penitentiary.

Ten Are Killed in Wreck.

Altoona, Pa., May 7.—Ten persons are dead as the result of the head-on collision on the Pennsylvania railroad near Clover Creek Junction Friday night. Six were killed outright and four died from injuries received. About twenty of the passengers and train crew were more or less seriously injured, but as far as is known all will recover.

EVANGELISTS IN ATLANTA.

Torrey and Alexander Arrive to Conduct Big Revival.

Atlanta, May 7.—Charles M. Alexander, accompanied by a number of workers, who will take part in the big Torrey-Alexander meetings in this city arrived in Atlanta Friday night.

Dr. R. A. Torrey and his daughter arrived in Atlanta at 3 o'clock Saturday afternoon.

The meetings will open in full blast Sunday afternoon at 3:30 o'clock at the skating rink auditorium on Peachtree street. All preparations are completed and no minor detail has been left unattended to by those who have had the matter of the preliminary arrangements in charge.

Dr. Torrey was given a magnificent "adieu" service last Tuesday night in Philadelphia, and the Philadelphia North American of Wednesday's issue had the following remarkable facts concerning the revival in Philadelphia:

"Opened Feb. 4, 1906; closed April 30, 1906. Days in session, 62; meetings, 136; subsidiary gatherings, 149.

"Converts registered at main meetings, 3,615; total converts, 7,000.

"Largest attendance, 15,000; average attendance, 4,000.

"Dr. Torrey's sermons, 136; Mr. Alexander's talks, 80.

"Unique feature of the revival, Alexander's development of the choir of 3,000 voices."

So great was the enthusiasm of the crowd at the last service in Philadelphia, that fully 1,500 followed Dr. Torrey and Alexander to their hotel and while completely blocking the thoroughfares in front of the hotel, sang with a mighty vehemence the famous "Glory," song of Alexander, and then concluded with "God Be With You Till We Meet Again."

It is estimated that fully 25 or 30 of the local churches of the city will have no Sunday night service, but will merge this service into the Torrey-Alexander service at the auditorium. It is not thought that the auditorium will seat more than half the people who will desire to enter.

Chicago Surgeon in 'Frisco.

San Francisco, May 7.—Major Surgeon P. J. H. Farrell, of Chicago, who was formerly surgeon of the First California volunteer regiment, is now stationed at the army hospital at the Presidio. He came here with the Chicago Citizens' committee at their request, and since his arrival has had charge of 36 surgeons and 100 nurses, distributed at different hospitals. He also had charge of inspection of all the incoming and outgoing ferry boats and steamers. The surgeons at the emergency hospitals and the refugee camps have also been under his direction.

Will Apply for Bond.

Macon, Ga., May 7.—It is expected that Greene and Gaynor's application for appearance bond will be made next week. Much interest is being shown in the matter by reason of the fact that a former bond of this character in the sum of $80,000 was forfeited by them, and they fled to Canada to keep from answering the charges against them in the courts. The long fight of District Attorney Marion Erwin to overcome the technicalities of the English laws and bring them back from Canada is a matter of familiar history for the people of the United States.

Wall Held on Murder Charge.

Augusta, Ga., May 7.—Jim Wall, held in the Richmond county jail on the charge of murdering former Deputy Marshal Stalnaker, has not employed counsel as yet, and still declined to make any statement or comment whatsoever. While it is generally thought that the shooting was the result of an old political difference growing out of a campaign for the office of magistrate between Stalnaker and Wall's brother, three years ago that is only supposition.

American Wins Championship.

London, May 7.—Frank Kramer, of Vailsburg, N. J. the American champion bicyclist, won the international professional championship mile race Saturday, defeating Thornwell, the Danish rider, and J. R. Benyon, the British ex-amateur champion, in the order named. Time: 2 minutes, 7 and two-fifths seconds.

GREAT DAMAGE IS CAUSED BY STORM

Wind, Rain And Hail Visit South Georgia.

MANY HOUSES WERE UNROOFED

No Lives Were Lost, So Far as Known, But In Several Places Damage to Growing Crops, Especially Cantaloupes, Was Very Large.

Cordele, Ga., May 7.—A fierce rain and wind storm struck Cordele between 4 and 5 o'clock Friday afternoon, doing great damage.

It is impossible to learn all the damage done, but among the reported damages are the Cash Drug Store, I. J. Brusn, dry goods, C. C. Cutt's office; all badly damaged by water, the roof having been partially blown off the building. Wilkes Dry Goods Co. and the Cordele Leather company, damaged by water. Many other smaller damages are reported by the merchants. The large brick negro Baptist church is said to have been unroofed, and several small houses on the outskirts of the city were either blown down or lifted off their foundations.

A great deal of damage was done to the Southern Bell Telephone and the Western Union Telegraph companies. It is expected that much damage was done in the country. The negro Rabbit Foot Comedy company's big tent, which had just been stretched for a performance, was blown flat on the ground. No one was killed or hurt.

The storm came from the northwest, and was blowing from 50 to 60 miles an hour.

Storm Near Albany.

Albany, Ga., May 7.—Reports coming in from the section of country north of Albany say that section was visited Friday evening between 4 and 5 o'clock with a terrific wind and hail storm, laying waste to every green thing in its path.

The large farms of W. H. Newsom and son, A. J. Fleetwood, J. R. Forrester, Morris Weslosky, and on into Lee county, have been completely ruined. The hail is reported to be of enormous size and quantity. The large cantaloupe crops of W. H. Newson and Son, Morris Weslosky and others, comprising hundreds of acres, are a total loss. These parties have their fertilizer in the ground and have wired for more seed to replant with.

Owing to the late hour and the breaking of telephone wires, it is impossible to report the full extent of the damage or the scope of the devastation accurately.

Hailstones Injure Crops.

Dawson, Ga., May 7.—There was a very heavy rainfall, some hail and much lightning here Friday afternoon. The telephone exchange received an electric bolt which damaged a number of 'phones and toll lines. Growing crops 3 miles below Dawson were seriously injured by the hailstones.

Storm Near Meridian.

Meridian, Miss., May 7.—Violent rain, wind, hail and thunder storms passed over this section Friday afternoon. No material damage was done in Meridian, but reports from Obediah say that great damage was done by the immense hailstones to the young cotton. A rumor that cannot be confirmed, states that Boligee, 20 miles to the northwest of this place, has been entirely demolished.

Child Dies from Poison Effects.

Dalton, Ga., May 7.—Emily Foster, the 3-year-old daughter of Mr. M. C. Foster, one of Dalton's leading citizens, is dead. The child's death was caused by poisoning, resulting from the drinking of a bottle of extract of wintergreen which, unknown to her parents, she had found about the house.

Petition for Receiver.

Chicago, May 7.—A petition for the appointment of a receiver for the Travelers' Insurance company, has been filed in the circuit court.

SCREAMS SAVED YOUNG WOMAN.

Miss Johns Found Huge Negro in Her Room.

Anniston, Ala., May 7.—Alone in a room, to which she had retired after the work of preparing dinner for the family, Miss Myrtis Johns, stepdaughter of R. T. Loftin, living on Lighton avenue, had an experience which greatly frightened her.

A huge black negro, after having concealed himself in an outdoor room unoccupied, and then sneaked inside, was ready to seize her before his presence was known. Involuntarily she looked up, however, and there came the negro upon her without warning or notice. She screamed and the negro fled.

The screaming of the young lady attracted the attention of Ira Reed, across the way, that gentleman, seizing a pistol, opened fire on the fleeing negro, but without effect. The negro is said to have been wearing rubber or baseball shoes, dark colored knee pants and a cap. He was seen as he ran by several, but may not have been identified. Miss Johns is almost prostrated by fright and nervousness as a result of her experience.

Officers were notified of the negro's conduct and search for him is in progress.

Vacancies Being Filled.

Hamburg, May 7.—Director Ballen, of the Hamburg-American line presided Friday at a meeting of ship owners, agents, brokers and coal importers at which the lockout of dock laborers was discussed. The prevailing impression in view of the reports that the vacancies caused by the absence of the locked-out men were being filled rapidly, was that normal conditions were likely to be restored before May 15. The places open after that date will be filled with the locked-out men if they apply for reinstatement.

Held as Sack Thieves.

Macon, Ga., May 7.—Detective Glenn and two members of the police patrol landed two small white boys, Ernest Jones and Offer Durden, last night after a long chase at the plant of the Virginia-Carolina Chemical company, and they were bound over by Recorder Nottingham under charges of stealing sacks from the mills. Two cases were made against Jones. Bonds were fixed and the two boys, scarcely old enough for criminal prosecution, will be placed on trial in the city court.

Blue Ridge Depot Burned.

Blue Ridge, Ga., May 7.—J. N. Strohbar waived examination before Justice Coleman on the charge of embezzling money from the Atlantic Coast Line and was bound over in the sum of $1,000 for his appearance at the spring term of the circuit court, which convenes in this city Monday. The preliminary trial was originally set for Thursday, but was postponed to Friday owing to the fact that important witnesses would not reach here before then.

Drinking Is Decreasing.

Chicago, May 7.—The drinking of intoxicating liquors is decreasing among the middle classes of the whole world, and is increasing among the very poor and the very rich. Such is the conclusion drawn from a foreign tour by John G. Woolley, once Prohibition candidate for president, who has returned to Chicago after a thirteen month trip abroad.

Third Day's Session of Conference.

Birmingham, Ala., May 7.—Bishop Charles B. Galloway, of Mississippi, presided at the third day's session of the general conference of the Methodist Episcopal church, south. The morning devotional services were led by Dr. Paul Whitehead, of Virginia. The first business of the day was the report of the complete organization of the various committees.

Hughes Signs Armstrong Bill.

Albany, N. Y., May 7.—Governor Hughes has signed the bill of Senator Armstrong, which postpones from November 15 to December 15 the next election of the board of directors of the Mutual Life Insurance companies of this state. The law also postpones from June 1 to July the date of filing note of policy holders, now the date originally set.

ANTHRACITE MINERS WILL NOT STRIKE

Such Is The Advice of President John Mitchell.

WILL WORK ON TERMS OF 1903

Miners Will Later Seek to Obtain, Through Conciliation Board the Bettering of Conditions Which Are Working Hardships Upon Them.

Scranton, Pa., May 7.—There will be no strike of the anthracite miners.

That is now a settled conclusion, for such is the advice of President John Mitchell and National Secretary-Treasurer Wilson and others of the leaders who Saturday addressed the convention of the miners before the report of the scale committee was presented. Their addresses fully forecasted the report which the committee would make.

The suspension order will be raised and the miners will go back to work on the terms of the award of the anthracite strike commission of 1903, which the operators were willing to have continued, and will later seek to obtain through the conciliation board, or by arbitration the bettering of conditions which they complain are working hardships on them.

The report of the scale committee recommending the return of the miners to work under the anthracite commission's award was adopted by the convention after 55 minutes' discussion. The convention adjourned until Tuesday, to give the scale committee time to confer with the operators.

Banks Approve of Plan.

New York, May 7.—Many of the banks and trust companies of this city have, says a morning newspaper, approved a plan devised by Vice President Horace M. Kilborn, of the National City bank, to prevent robberies of the sort perpetrated by Harry Leonard, who said afterward that he simply wanted to show the City Bank how very easy he could rob it, got his money through forging the name of another firm to a fictitious check purporting to be in the form of a loan. This plan, bankers think, will frustrate anything of the kind in the future.

Murder and Suicide.

Decatur, Ala., May 7.—A case of wife murder and suicide caused by the wife having lost her mind, took place near Hartselle, this county, Friday. W. I. Entriken, a prominent farmer, shot his wife, and then killed himself after a night of worry over his wife's condition. The dead bodies were discovered lying on the floor and by the old man's side was a revolver with two chambers empty. Each was nearly 70 years of age.

Raised City Warrant.

FIRST DAY'S WORK OF CIRCUIT COURT

Several Cases Disposed of and Petit and Grand Juries Drawn.

BIG CROWD IN ATTENDANCE

Notwithstanding that a Goodly Portion of Day Was Consumed in Organizing, Two Cases Were Brought to Trial, and Others Continued.

The spring term of the circuit court for Alachua county, Eighth Judicial Circuit, convened at 9 o'clock Monday morning, His Honor Judge J. T. Wills presiding, and State Attorney Benj. P. Calhoun in attendance.

A greater part of the day was occupied in the organization of the court and the selection of the juries, but notwithstanding this a number of cases were disposed of in one way or another.

The following cases being ready, were brought to trial:

Strouss Bros. vs. Williams Bros., assumpsit; verdict for plaintiff, judgment of $541.91.

Savannah Woodenware Company vs. Williams Bros., assumpsit, verdict for plaintiff, judgment of $290 86.

The petit jury was drawn from the county at large, and for this week consists of O. C. Tousey, H. M. Chitty, R. E. Hill, Jr., W. C. Mathesen, J. F. Burnett, S. M. Mixson, J. J. Burton, J. L Crawford, P. F. McCook, A. R Harper, J. M. Manning, L. L. Hill.

The grand jury, drawn from the regular venire, is as follows:

David A. Robertson, foreman; A. M. Westfall, J. F. Dupree, E. L. Paulling, B. H. Gracy, J. S. Tolbert, J. W. Ford, C. C. Doke, R. M. Thomas, G. B. Evans, W. R. Moore, B. Wiggins, W. P. Birt, H. A. Pickett, J. C. Beach, J. B. Clemmons, D. W. Polk.

The court adjourned shortly after 5 o'clock until Tuesday morning at 9.

AN OPEN LETTER

From Hon. Benj. P. Calhoun, Candidate for State Attorney.

To the Democratic Voters of the Eighth Judicial Circuit:

The 15th day of May is near at hand, and I desire to again speak to you in regard to my candidacy for the State Attorneyship, and ask at your hands the nomination, as an endorsement of my efforts since I have occupied the office, in 1903.

I am a Floridian born, raised, and bred. Practiced law for over thirty years. Was four years county solicitor of the criminal court for Putnam county. Four years State Senator for Putnam county. Nearly three years State Attorney. I have with the aid of associate counsel been able to bring forth at least ninety per cent of the State cases to a plea of guilty, or conviction, and I cite the record of the various counties as my best evidence. I have been especially vigilant and vigorous in the prosecution of cases for selling liquor in a dry county. Out of over one hundred cases, only two or three have been lost. I nol prossed only one case, that of one Robert Emerson, a negro, who had been shortly previous to that time tried and convicted of the offense in the United States Court and upon representation being made in open court, and after investigation of the circumstances and finding that they and the witnesses were the same, I felt that a nol prosequi was merciful and proper. I have no desire to favor the blind tiger element, and have shown no favors in the prosecution of these cases.

I feel that my thirty years of experience as an attorney, and my seven active years as prosecuting officer, render me capable for the further discharge of the duties, feeling that I will fairly, squarely, fearlessly and honestly represent the interests of the State.

The funeral of the late W. W. CONTAGIOUS BLOOD POISON

THE WORST DISEASE IN THE WORLD

Contagious Blood Poison is the worst disease in the world; not only those who contract it suffer, but the awful taint is often transmitted to innocent offspring whose lives are blighted and bodies diseased because the virus of Contagious Blood Poison has been allowed to remain in the family blood. The first sign of this disease is usually a little pimple or blister, then a red rash breaks out, the mouth and throat ulcerate, the hair comes out, copper colored spots appear on the limbs, back and breast; and as the disease more thoroughly pollutes the blood, sores and ulcers form and if the trouble is not checked the finger nails drop off, and the soft bones of the nose and head are destroyed. S. S. S. goes down into the blood and forces out every particle of the poison and makes a complete and lasting cure. As soon as the system gets under the influence of the remedy the symptoms begin to pass away, and when the cure is complete the patient is left in perfect health. So thoroughly does S. S. S. rid the system of the virus that no signs of the disease are ever seen in after years, and posterity is born with a rich, pure blood supply. Book with complete instructions for home treatment and any medical advice desired will be given without charge.

I contracted Contagious Blood Poison by using a towel used by some infected person and had every symptom of the vile disorder. I tried everything I heard of but the disease got worse until I heard of S. S. S. which I commenced, and continued the treatment until I was entirely well. This was some time ago and I have never seen the slightest sign of the disease since. JOS. SCHLOEMER. 801 Allen Ave., St. Louis, Mo.

MISSION SOCIETY IS DOWN TO WORK

Interesting Exercises at the Methodist Church Sunday.

OFFICERS' REPORTS WERE READ

There Was Also a Meeting For Young People in the Afternoon, Which Was Most Interesting—Society in Business Session Monday.

Sunday's services at Kavanaugh Methodist Church proved of unusual intereat, since they were quite a diversity from the usual church routine.

In the morning Rev. W. J. Carpenter, for four years pastor of Kavanaugh Church, favored the congregation with one of those interesting sermons which made him so popular during his stay here. The mere announcement that Mr. Carpenter would preach brought out a large crowd, and no one was disappointed at the character of his discourse. Mr. Carpenter is very popular here, not only among members of his denomination, but with all Christian workers.

In the afternoon, at 3:30 o'clock, a meeting was held for the young people. This meeting was conducted by Mesdames Bruce and Alexander, and Miss Cherry.

The evening service was devoted to the work of the Woman's Home Mission Society, which is holding its annual session here. The meeting opened with devotional exercises, followed by an address of welcome in behalf of the local Society by its president, Mrs. W. L. Floyd. Mrs. Griffith of Jacksonville, State corresponding secretary, made her report, which was very encouraging, showing the growth of the Society throughout the State. The meeting concluded with an interesting talk on general work by Mrs. L. P. Smith.

Monday's Session.

The Society got down to regular routine business Monday, holding four sessions. There are a number of representatives present, all of whom seem to manifest a great interest in the meeting.

It Is Dangerous to Neglect a Cold.

How often do we hear it remarked: "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded. Chamberlain's Cough Remedy counteracts any tendency of a cold to result in pneumonia, and has gained its great popularity and extensive sale by its prompt cure of this most common ailment. It always cures and is pleasant to take. For sale by all druggists.

The LaCrosse Meeting.

The political meeting at LaCrosse last Saturday was well attended and passed off pleasantly. LaCrosse never does things by halves, the good people of that precinct always giving the candidates a good time and plenty to eat. No more hospitable people exist than those of precinct No. 2.

Stomach Troubles.

Mrs. Sue Martin, an old and highly respected resident of Faisonia, Miss., was sick with stomach trouble for more than six months. Chamberlain's Stomach and Liver Tablets cured her. She says: "I can now eat anything I want and am the proudest woman in the world to find such a good medicine." For sale by all druggists.

NEWS OF CITY AND COUNTY CONDENSED

Fred H. Ford, train master of the Atlantic Coast Line, has gone to Worthington Springs to recuperate for a few days. Friends of Mr. Ford will regret to learn that he is not in the best of health, but hope the invigorating waters of old Worthington will soon bring him back to his normal condition.

One of the handsomest floral sights noted in this city for some time is the bed of Easter lillies now blooming in the yard of Mrs. J. A. Goodwin, corner North Garden and West Court street. These beautiful flowers have attracted the attention of pedestrans for the past four or five days, and have been greatly admired.

BAR ASSOCIATION SUPPER.

An Enjoyable Spread Was Indulged in at The Oaks Monday Night.

The Alachua County Bar Association, of which Col. E. C. F. Sanchez is president, entertained at a supper at The Oaks Monday night, and not only the members of the Association, but Hon. J. T. Wills and several visiting attorneys were present, and altogether the occasion proved a most enjoyable one, the program being interspersed with talks by the members of the bar.

Hon. Benj. P. Calhoun, State Attorney, expressed his regrets at his inability to be present, having made a previous engagement with Sheriff Fennell to meet a number of witnesses in certain liquor cases at the office of the sheriff at 8 o'clock for the purpose of investigating charges and decide upon filing informations. The presence of Col. Calhoun would have been appreciated by his professional associates, who regretted equally as much as himself that he could not attend.

JUST BREATHE IT.

Hyomei Cures Catarrh in Natural and Rational Way.

No dangerous drugs or alcoholic concoctions are taken into the system when Hyomei is used in the treatment of catarrh. Breathed through the neat pocket inhaler that comes with every outfit, the balsamic healing of Hyomei penetrates to the most remote cells of the nose, throat and lungs, killing all catarrhal germs, healing the irritated mucous membrane and effecting a complete and permanent cure.

No medicine taken into the stomach can possibly reach the remote cells of the air passages, or give the immediate relief that follows the use of Hyomei. A few days' treatment is usually all that is necessary to show how quickly this remedy will cure catarrh.

So successful has Hyomei been in the cure of catarrh among their customers that J. W. McCollom & Co. sell it under a positive guarantee that it costs nothing unless it gives satisfaction. The complete outfit sells for one dollar, while extra bottles can be obtained for 50 cents.

Seaboard Parlor Cars.

The Seaboard Air Line operates buffet parlor cars between Waldo and Tampa on train leaving Waldo that connects with the morning train from Gainesville.

A PRETTY WEDDING.

Marriage of Mr. Baker and Miss Turner at Lake View Sunday.

One of the prettiest marriages ever solemnized was that of Miss Belle Zora Turner of Lake View and Mr. Benona Baker of Gainesville, at the home of the bride's parents, Mr. and Mrs. J. M. Turner, on Sunday, May the 6th, Rev. E. A. Grey officiating.

After the ceremony delicious refreshments were served.

The bride wore a lovely gown of white china silk, trimmed with Irish point lace, and never looked handsomer than at that time, while the groom wore the conventional black.

Both parties are well known, the bride being reared here, and the groom having held a lucrative position in Gainesville for several years.

Mr. and Mrs. Baker took their departure on the 2 o'clock train, accompanied by a host of friends who sent them off amid a shower of rice and old shoes. They will spend their honeymoon at Brunswick and other points on the East Coast.

The bride wore a beautiful traveling dress of champagne silk.

The popularity of the couple was shown by the number of handsome and useful presents.

Friends of the contracting parties, including The Sun, wish them a long life of undisturbed connubial bliss.

Was Wasting Away.

"I had been troubled with kidney disease for the last five years," writes Robert R. Watts, of Salem, Mo. "I lost flesh and never felt well and doctored with leading physicians and tried all remedies suggested without relief. Finally, I tried Foley's Kidney Cure and less than two bottles completely cured me, and I am now sound and well." During the summer kidney irregularities are often caused by excessive drinking or being overheated. Attend to the kidneys at once by using Foley's Kidney Cure. J. W. McCollum & Co.

A Handsome Machine.

Gainesville is gradually getting the automobile fever, with indications that it will not be a great while before an auto will be a common sight upon our thoroughfares.

The latest acquisition to the list of autos is a fine Cadilac machine, which was received a few days ago by J. R. Fowler. This machine is one of the handsomest and most modern types, and has attracted a great deal of attention.

As soon as the county decies on building hard roads, it may safely be said that automobiling will become a popular sport, as well as a business proposition.

Suicided With Carbolic Acid.

Cincinnati, May 7.—Using a straw to prevent disfiguring her face, Mrs. Emma Reybert, wife of a printer, in the solemn quietude of St. Philomenas church, committed suicide with carbolic acid. She died a few minutes after being found, but her identity was not established for some time. Despondency because of poor health is believed to have been the cause of the act.

With Crusted Scaly Eczema When One Month Old—Could Brush Scales Off Body—Young Lady is Now 17 Years Old and Skin is Without a Scar—Cured By

CUTICURA REMEDIES AT EXPENSE OF $4.50

"When I was one month old I was taken with eczema. After being under the treatment of two doctors for one month and no improvement, my mother was advised by a druggist to try Cuticura Soap and Ointment. I was one crust of sores from head to foot. My mother could brush the scales off my body; and my finger and toe nails fell. After using six cakes of Cuticura Soap and about as much Cuticura Ointment I was completely cured. I am now seventeen years old and my skin has not a scar. I am still finding wonders in Cuticura; after washing a fever blister two days it was completely gone." Your Cuticura friend, Miss Eola Glasscock, Oct. 27, 1905. Marksville, La.

The attention of parents is called to the fact that the Cuticura Remedies were used on a one month old baby with complete success, proving what we have always claimed that these great curatives are so pure, so sweet, and so delicately medicated that they may be used on the youngest infants.

CUTICURA REMEDIES

Are the Best for Skin and Blood

"About three years ago my face began to get rough with acne and kept getting worse. A year ago I read in a paper of the Cuticura Remedies for the skin and blood. I sent for them at once. I used the Cuticura Soap, Ointment, and Pills, and in three months my skin was soft and smooth, and the pimples have all disappeared without the services of a physician. I think the Cuticura Remedies are the best that any one can use for the skin and blood." May G. Schieferle, Sept. 5, 1905. Santa Paula, Cal.

Cuticura Soap, Ointment, and Pills are sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass. Send for "How to Cure for the Skin."

Washington, May 7.—The executive council of the American Federation of Labor has given its endorsement to a strike among 3,000 agricultural laborers in the Arecibo district, Porto Rico. The laborers are contending for an increase of wages which it is felt by the executive council should be granted. The men on strike are engaged primarily in the sugar industry.

The Republican bosses, who have been somewhat staggered by the jolt the people have lately given them, are appearing in the garb of reformers, so as to get their feet in the trough again.

The Republicans of Oregon have selected their candidates for Congress and are trusting that the indictment of those they elected to the present Congress will be overlooked by the voters.

Democrats are getting together on the good old principles laid down by Jefferson and are united on the Jackson and Tilden war cries of "retrenchment and reform" and "turn the rascals out."

Most of the colleges have abandoned the old custom of occupying so much time of the students in preparing for commencement exercises, and it is an example that the high and rural graded schools would do well to follow.

President Roosevelt evidently thinks the Democrats will elect a majority of the next Congress, for he is said to have decided to call a special session after the 4th of March, for the purpose of revising the tariff. He knows as well as anyone that if the Republicans should again have a majority of Congress it would be useless to call a special session, for the standpatters would be in control.

After three years of breathless haste at Panama, including the making of a revolution on Washington time, which is some hours ahead of Panama time, no general plan for the construction of the canal has been devised. There has been some desultory digging and a great deal of carefully considered lying in and about the isthmus and the canal, but so far everything is up in the air, the President having turned over the job of deciding upon the type of canal to Congress.

Any sort of a rake may become a muck rake when muck has accumulated to such an extent that the health and safety of the community requires its removal. It is the use to which it is put that makes it what it is. Theoretically, the greatest muck rake in this country is Charles E. Hughes, whose work in cleaning out the life insurance muck beds is almost as famous as that of Hercules in cleaning the Augean Stables. All honor to him for his work! He did not try to besmirch the characters of dead men, as Roosevelt did in his book.

The partisan persistence of the Republican managers in refusing to agree on the bill to admit Oklahoma is entirely opposed to public opinion on this question. The Senate, for once at least, is actually in agreement with the Democrats that justice be done to nearly one million citizens who have made their homes in Oklahoma and Indian Territory. The question of the admission of Arizona and New Mexico as one State has ever been properly left by the Senate amendment to the vote of the people, but to this the Republican majority of the House refuse to agree. When these standpat members are asking for endorsement next fall the voters should give them a dose of their own medicine and refuse to re-elect those who would not trust the people.

NO EX-PARTE DIVORCES HEREAFTER.

The people of this country have for a long time felt the need of a general divorce law. That the marrige relation has been shamelessly prostituted, says The Southern Witness, is a matter of common concern and common peril. It has been an easy matter for either wife or husband to sue for divorce in another State, and procure it without both parties to the suit peing present.

The recent decision of the United State Supreme Court will checkmate this practice. It requires that both parties to the suit be present, and under the jurisdiction of the State granting it.

This seems a just law, so far as it may affect future divorces. But it has a bad side to it, in that it makes illegal all divorces hitherto obtained in that manner. Also it has the further ex post facto operation of making all marriages contracted by those obtaining the divorces illegitimate and the offspring of such unions bastard.

We note, in the press dispatches, that the younger William Waldorf Astor and Mrs. Langhome Shaw (the latter of whom obtained a divorce in Connecticut, while she was abroad) have indefinitely postponed their marriage which was to have taken place in London.

The press is much divided on the question of the wisdom of the law. We notice, however, that the ex post facto operation of it is the only regrettable feature to which objection is generally made. But it is now a law, for all that.

A UNITED DEMOCRACY.

The chairman of the Democratic convention of Kansas in his address to the delegates sounded a key-note that will have interest in Massachusetts and shows that a united Democracy from the East to the West and North and South is again to be an accomplished fact. "The people of Kansas," said he, "send this slogan across the Mississippi valley and over the Appalachian mountains to New England. We are for free raw material, and we are willing to give to the laborer of the East free hides in competition with our hides, because the beef trust robs us of even the hair, and then sells the balance to the Eastern manufacturer at a higher and fixed price, so that the poor are shoeless. Our Republican congressmen have misrepresented us long enough. We are in favor of the old-fashioned doctrine as enunciated by Samuel J. Tilden and re-enunciated by Grover Cleveland of a tariff for revenue only. The time is past when we should protect trusts and capitalistic combinations. Protection, as declared by the Republican party, is now used as an aid to the rich to become richer and for the poor to become poorer." Hurrah for the unterrified Democracy of Kansas.

ROOSEVELT AND HUGHES.

Perhaps the only Republican in New York who had strength enough with the people to be elected governor of the State next fall was Charles E. Hughes. President Roosevelt wouldn't like to see Hughes elected governor, however, lest he should become a Presidential possibility in 1908. And so he has shelved Hughes by having him appointed associate counsel in the coal trust investigation. There is a convenient shelf somewhere for every Republican in New York who may be suspected of popularity. Roosevelt is more prudent than he seems to be. He knows how easy it is to slide from the executive office at Albany to the White House, and he doesn't want a Republican elected governor of New York this year. He will probably cause Odell to be nominated, and then treat him as he did Ivins in the mayoralty contest last year.

WHAT THE REPUBLICANS STAND FOR.

The platform adopted at the late Indiana Republican State Convention stands pat for "the time-honored Republican doctrine of protection," and further declares that the Republican party is "the friend of the protective policy through good and evil report," and adds that it "can be trusted to make changes in tariff schedules whenever more good than evil will result." As the convention was dominated by Fairbanks and Beveridge, who are ardently for the ship-subsidy steal, of course they and their henchmen stand for the plundering tariff, which allows the trusts to sell cheaper to foreigners than to our own people. They doubtless stand for the Republican "time-honored custom" of bleeding the tariff-fostered trusts and protected combines of campaign funds so as to have the chance to continue the plundering of the many for the benefit of the few. It is well known they stand for this "through good and evil report" and "can be trusted" to fool the people as long as the voters allow them to do so.

Sciatica Cured After Twenty Years of Torture.

For more than twenty years Mr. J. B. Massey of 3322 Clinton St., Minneapolis, Minn., was tortured by sciatica. The pain and suffering which he endured during this time is beyond comprehension. Nothing gave him any permanent relief until he used Chamberlain's Pain Balm. One application of that liniment relieved the pain and made sleep and rest possible, and less than one bottle has effected a permanent cure. If troubled with sciatica or rheumatism why not try a 25 cent bottle of Pain Balm and see for yourself how quickly it relieves the pain. For sale by all druggists.

LETTER FROM T. C. BRYANT.

He Reviews Senator McCreary's Record, and Asks a Comparison.

Editor Sun: As the primary is approaching, and the question of State Senator is mostly agitaing the minds of the voters of dear old Alachua, and there being two men in the race for the "plum," I am going to shake the old tree a little bit and say a few words in favor of Hon. H. H. McCreary. We have sent him two terms to the State Senate, and not yet found him wanting. We have noted the good he has accomplished, not only for his constituents, but for the State at large. Many of the best and most important features of the present election law may be attributed to his wisdom. He is author of the Contitutional Amendment giving increased power to the Railroad Commission, which is one of the best laws for the people that has passed the Legislature for many years.

Senator McCreary is responsible for the amendment to the revenue law, which made county tax collectors responsible for the property sold for taxes at public sale when said taxes had been paid. By the passage of this law our tax collectors are naturally compelled to be more careful in the discharge of their duties, and this law alone has saved the property owners, not only of Alachua county, but other sections of the State, thousands of dollars. We of the West End know what trouble we had in this particular direction; we know, too, that by Senator McCreary's persistent efforts he remedied this biting evil by the passage of the amendment to the revenue law making tax collectors in their respective counties responsible for property that sold at public tax sale.

Now, voters of the West End, as well as other sections of the county for that matter, what can you find that this opponent did for us or the county or State during the four years he was in the Senate and two years he represented Alachua county in the Lower House? As a representative of the people of Alachua county in either branch of the Legislature, compare McCreary's record with that of his opponent, who had an equal opportunity. Place them side by side and turn on the limelight, and let us see the comparison.

If we ever needed a man like Senator McCreary, we need him now, as there will be some vital questions to settle at the next session of the Legislature—and they will be settled for all time. Come, boys of grand old Alachua county, let us do what District 21 will do—give him such a rousing majority that it will cause the angels to sing "Blessed Are the People."

To say the least Mr. McCreary has made Alachua county a good and faithful servant wherever he has been commissioned—and the Legislature is no exception. He is one of the safest public servants who ever graced the halls of the State Capitol, and we boys of the West End "feel it in our bones" than he is going back to the Senate "a-whoopin' "—in fact we know it, if the East End does half as much to send him back as we fellows out here.

Yours truly

Bell, May 5. T. C. Bryant.

Pirating Foley's Honey and Tar.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. INTEREST IS AROUSED.

By Approaching Trial of Provocative Agent of Government.

Ekaterninoslav, Russia, May 7.—Considerable interest has been aroused here by the approaching trial of Bergman, a provocative agent of the government, who will be tried May 10th on the charges of inciting anti-Jewish excesses in several cities.

Last year Bergman provoked the massacre at Ekaterninoslav by throwing a phial of vitriol in the face of the chief of police. After arrested he confessed that his name was Alexieff, and that for some time he had operated under orders from General Trepoff. He had fired at the prefect of Minsk in trying to provoke disorder in that city.

A general strike has been caused by the arrest and subsequent banishment of the director and instructors of polytechnic schools here and the dismissal of the students.

Female Weakness

"Last Fall," writes Mrs. S. G. Bailey, of Tunnelton, W. Va., "I was going down by inches, from female disease, with great pain. After taking Cardui, Oh! My! How I was benefited! I am not well yet, but am so much better that I will keep on taking Wine of Cardui till I am perfectly cured."

Despite the envious attacks of jealous enemies and rivals, Cardui still holds supreme position today [as in the past 70 years] for the relief and cure of female diseases. It stops pain, tones up the organs, regulates the functions, and aids in the replacement of a misplaced organ.

ITALIANS QUAKE WITH FEAR.

Black Hand Declared To Be In Operation in New Orleans.

New Orleans, May 7.—Several of the wealthiest Italian merchants of New Orleans are quaking with fear as the result of the operations here of what is declared to be a branch of the Black Hand band. The life of Detective Dantonio, of the police force, who is actively engaged in the task of ferreting out the authors of the threatening letters, received by the intended victims of the band, has also been threatened.

The demands are for sums ranging from $2,000 to $5,000, and are apparently graded according to the reputed wealth of the prospective victims.

Among those who have been singled out and who are now in daily fear of the Black Hand because they have disobeyed the demand of ransom, are A. Monteleone, a wealthy shoe manufacturer, Augustina Russo, a Di-trapini, Vincent Loscicco, Pasquale Tauriminia, A. Catana and Antonio Patorno.

The latter victim has been threatened with death and the kidnaping of his daughter is also threatened.

I regard Dr. King's New Discovery as the most wonderful medicine in existence." Surest cough and cold cure and lung healer. Guaranteed by all druggists. 50c and $1. Trial bottle free.

Dorsey Gives Up to Sheriff.

Gainesville, Ga., May 7.—John Tucker Dorsey, who is charged with killing Curtis Twitty, voluntarily surrendered to Sheriff Crow Friday and was placed in jail. It is understood that a preliminary hearing will be asked for by his attorneys in the near future. Dorsey is himself pretty badly hurt, and a plea of self-defense will likely be filed in his behalf. Colonel Howard Thompson has been employed to defend him.

DISCRIMINATING LADIES.

Enjoy Using Herpicide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpicide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Herpicide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness; in killing it, Herpicide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists.
